PRESIDENT'S MESSAGE

The MICHIGAN STATE NUMISMATIC SHOW was held at Dearborn this spring instead of on the western part of the state due to a hotel conflict in Kalamazoo the intended location for the show. By holding the Spring Show in Dearborn it attracted more major dealers than the spring show usually draws and of course this helped in boosting collector attendance. It was a great show as usual and the exhibits were exceptional. Martin Delger won Best of Show Award and was presented a nice clock type plaque.

We would like to encourage new exhibitors to challenge for these nice awards that are presented at the banquet each year. Come on! Get in on the Act! Give it a whirl! Let the rest of us see parts of your collection that you are so proud of and we could all benefit from the experience of viewing it.

PMCM is co-hosting the Fall Show at Dearborn of the Michigan State Numismatic Society on Thanksgiving weekend in November 1989. We will need help from all the members at this show for the set up and take down of tables, registration desk helpers, and other necessary tasks that are required to put on a show of this size and caliber. Florence Schook is the capable leader for the MSNS shows and does a superb job due to her tireless efforts, but, always needs more of us helpers, so please try to help us out for this show. John Tomassi is the work co-ordinator for this show so please contact him at 27044 Lenox, Madison Hts MI 48071 for any times you can help out.

I went to the June Superior sale where I had my half cents consigned for auction. It was a very good auction due to the Wall Street involvement that investors are now buying slabbed coins that are graded by a third party. I stayed for the Long Beach Show that followed and activity there was also at a high level. If this slabbing game ever gets into paper money it will cause a tremendous boom there as well. Grading is not that big a factor in most paper money collectibles (want a National note that is a rag from White Pigeon - one known; or a VG first charter on Leslie unknown?) Large size type notes & fractionals are probably the toughest in the grading cat-

PRESIDENT'S MESSAGE con't.

agories and not invested into on a large enough scale to go for this slabbing game yet.

Memphis Show is the 23rd - 25th of June and it will be a big reunion for all the paper money enthusiasts. See you there if you can make it as I will have a table there. Will gladly submit free bids for anyone at the auctions I attend, so if you want to bid and can't be there let me know and I'll gladly do so for you. GOOD COLLECTING!!!!

Dr. Wallace Lee
Pres. PMCM

CURRENCY COLLECTOR FACES U.S. HEARING

submitted by Robert Thiel #1686

WILMINGTON DEL. 8/5/60

Julius Reiver, collector of coins and currency, wants to keep a pre- 1934 U.S. government \$10 Gold Note. The government does not agree, and so Reiver faces a hearing before a U.S. commissioner on charges of possessing a Gold Certificate.

Reiver wrote J. Edgar Hoover, director of the F.B.I. to say his collection included a \$10 Gold Certificate believed to be one of the Lindbergh kidnap ransom bills.

Back came what Reiver called a "very nice letter" from Hoover advising that the case was closed and the bill would be of no further interest to the F.B.I.

The bill had been a gift from his grandfather, also a collector.

But the letter to Hoover set other government wheels in motion, and last Jan. 15, a Secret Service agent called on Reiver to demand the Gold Note, Reiver refused, claiming the bill is similar to those listed in collector's catalogues for \$25, and, if a true note from the Lindbergh case, worth even more than that. The U.S. went off the gold standard in 1934 and gold and Gold Certificates were called in.

Thursday, Alva M. Boteler, special agent of the Secret Service, signed a complaint before U.S. Commissioner

Edward C. Pollard, charging Reiver with refusing to surrender the certificate.

"I am surely no lawbraker, but I have my conviction in this matter and I hope it does not lead to jail." Reiver told newsmen.

CLUB NEWS

THE CURRENCY CLUB OF CHESTER COUNTY

The C.C.C.C. had scheduled a V.I.P. tour of the Bureau of Engraving and Printing on Monday the 22nd of May along with a tour of the Smithsonian. I hope all went well for the club on that day.

The C.C.C.C. has also nominated Nelson P. Aspen for the Walt Mason Award which is to be given by the Virginia Numismatic Association. Good luck Nelson.

At the West Chester Coin Club Show, Ray Waltz took Best of Show, Nelson Aspen - Paper Money, Don Lutz - Odd & Curious and Frank Mellinger - Commemorative Coins. Fellow PMCM member Alex Perakis won 1st prize in the raffle. Congratulations to all !!!

33rd MSNS SPRING CONVENTION

The Hyatt Regency - Dearborn was again bustling with activity this time as host for the MSNS Spring Show April 14,15,16, 1989. The busiest day from personal observation was Saturday; a crowd was forming just waiting for the doors to open at 10 o' clock.

The Exhibit Room was pretty much filled to capacity with individual and club exhibits covering a wide range of numismatic catagories.

In the paper money field 1st place went to Mart Delger for "History of Kalamazoo Nationals", 2nd John Tomassi for "Silver Certificates - 1935" and 3rd to Charles Fenwick for "Kalamazoo Railroad Banks".

The P.H. "Jim" Frans Award was awarded to the Royal Oak Coin Club with only 2 points seperating 1st from 3rd in extremely tough competition. Joe Binno, club president received the award at the Awards Breakfast Sunday morning. This also marked the 35th Anniversary of the R.O.C.C.

MSNS FALL UPDATE

The PMCM held its Spring Meeting at the Hyatt on April 15th with fourteen members present. Tops on the agenda was directed to the Fall Show which the PMCM is co-sponsor. Robert Hatfield, PO Box 87, Allen Park MI 48101 and John C. Tomassi, 27044 Lenox, Madison Hts MI 48071, were chosen as PMCM club chairpersons. We will do our best to keep members informed as to volunteer work , ticket sales, etc.

An informal meeting will be held at Larry Falater's June 18th, and a formal meeting at the 13th International Paper Money Show in Memphis June 24th.

1988 to 1988A
by John Tomassi #2187

While many of you have probably been busy as I have trying to accumulate at least one of each of the new 1988 Series bills in denominations and districts, the Treasury Department announced in May the appointment of Catalina Vasquez Villalpando as Treasurer of the United States to succeed Catherine Davalos Ortega. This in turn will create the 1988A series. The adaptation of a suffix letter for a series date has been in use since late 1969. No word as of yet as to when the new Series would be put into production.

If you would like more information on the career of Catalina Vasquez Villalpando pick up an issue of the May 1989 Bank Note Reporter.

CHRISTOPHER COLUMBUS \$1 COIN

Since we're on the subject of changes in what we spend or collect the House and Senate are considering bills that would commemorate the 500th anniversary of Columbus' discovery of the New World, by issuing a gold-toned \$1 coin and the phasing out of the \$1 bill as we know it.

We know how unpopular the Susan B. Anthony was, as a matter of fact I picked up two at the local 7-11 store while purchasing my Sunday papers. The cashier told me she had been trying for 3 hours to get rid of them.

VARITIES OF SMALL SIZE NATIONAL BANK NOTES
OF THE REPUBLIC NATIONAL BANK AND TRUST
COMPANY OF DALLAS, TEXAS
by Frank Clark #2104

Type 1 and Type 2 small size national bank notes were issued by the Republic National Bank and Trust Company of Dallas, Texas. However, within these two broad categories there are several varieties that will be discussed in this article.

The Republic National Bank of Dallas was chartered in April of 1922 with a capital of \$1,000,000.00. The bank was assigned charter number 12186. The bank changed its title to Republic National Bank and Trust Company of Dallas on July 18, 1928. It assumed North Texas National Bank in Dallas by consolidation on December 28, 1929.

The Republic issued large size national bank notes under both bank titles. The bank only issued small size nationals under its second title. The switch from large to small currency occurred in 1929 and the national bank program was discontinued in the summer of 1935.

Small size nationals are divided into two categories. Type 1's have the banks charter number printed twice on the face of the note in black ink. Type 2's have this plus the charter number printed an additional two times on the face of the note in brown ink. The changeover from Type 1 to Type 2 occurred in 1933. The Republic issued \$5, \$10 and \$20 Type 1's and \$5, \$10, \$20, \$50, and \$100 Type 2's.

I have observed five varieties within the \$10 denomination for this bank. Three are Type 1's and two are Type 2's. This is probably true for the \$5 and \$20 denominations even though all varieties have not been observed for these denominations. \$5, \$10, and \$20 notes were issued heavily by this bank. Very few \$50's and \$100's were issued by the Republic and since all are Type 2's there is probably just one variety for each of these denominations. I have not had the good fortune to observe these two denominations.

The following is a listing of the five varieties in the \$10 denomination:

- TYPE 1 - Two Line Bank Title Format
Large Eldridge/Florence Signatures
- TYPE 1 - Three Line Bank Title Format
Small Eldridge/Florence Signatures
- TYPE 1 - Three Line Bank Title Format
Nicholson/Florence Signatures

REPUBLIC BANK con't.

TYPE 2 - Three Line Bank Title Format
Nicholson/Florence Signatures
TYPE 2 - Three Line Bank Title Format - New Font
Nicholson/Florence Signatures

Rupert Eldridge was cashier until 1930 when he became a vice-president. In 1930 R.F. Nicholson became cashier and stayed in that position throughout the national bank note issuing period. Fred F. Florence was president of the bank for many years. He served as president of the Texas Bankers Association in 1936. In 1954 he was elected vice-president of the American Bankers Association and in 1955 he served that association as president.

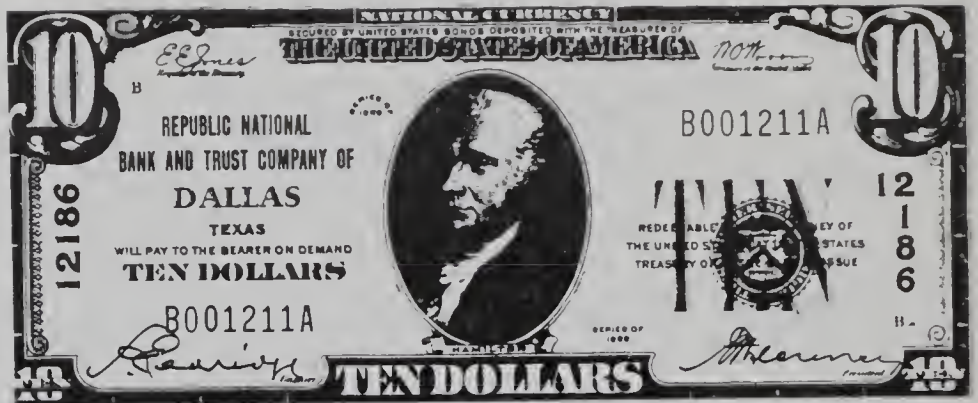

Small size national bank notes were printed in sheets of 12 notes, then cut vertically into sheets of six notes. In this state the serial numbers were printed on the notes. For Type 1 notes each note had the same serial number on the sheet. However, each note had a different prefix letter with the top note in the sheet receiving the letter "A", the second note "B" etc. The bottom note would have the letter "F" as its prefix letter. So the very first note for a bank in any denomination would be "A000001A", with the suffix letter always remaining an "A", except for the \$5 denomination for the Chase National Bank of New York which issued over 999,999 sheets. Therefore the "B" suffix was used on the sheets after this milestone. The 1,000,000th sheet was numbered "A000001B" through "F000001B".

This numbering scheme was different than the scheme for all other United States currency where the notes were all numbered consecutively. So to bring national bank notes into line with the other types of currency the above numbering pattern was dropped and a new one instituted. This was the reason for the change from Type 1 to Type 2. The Type 2 notes were printed and cut as the Type 1 notes were, but the numbering scheme had each note numbered consecutively with the prefix letter remaining an "A". The first note for any bank in any denomination now became "A000001", the second note "A000002", etc. The suffix letter was dropped entirely for this numbering scheme. The only exception to the "A" prefix was for the \$5 denomination for the Bank of America National Trust and Savings Association of San Francisco, California which issued over 999,999 Type 2 notes.

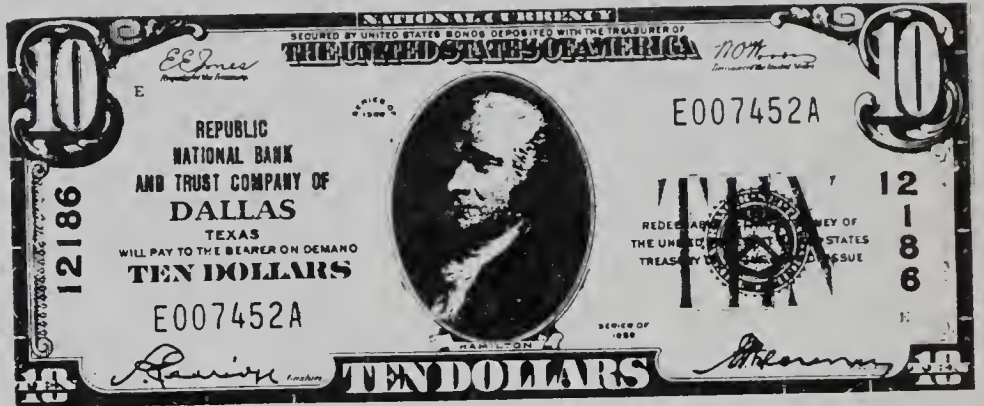

Therefore the "B" prefix was used and the numbering reverted to "B000001".

The serial numbers for national bank notes were not Treasury serial numbers, but bank numbers that were consecutive for each denomination. This applies for both Type 1 and Type 2 notes.

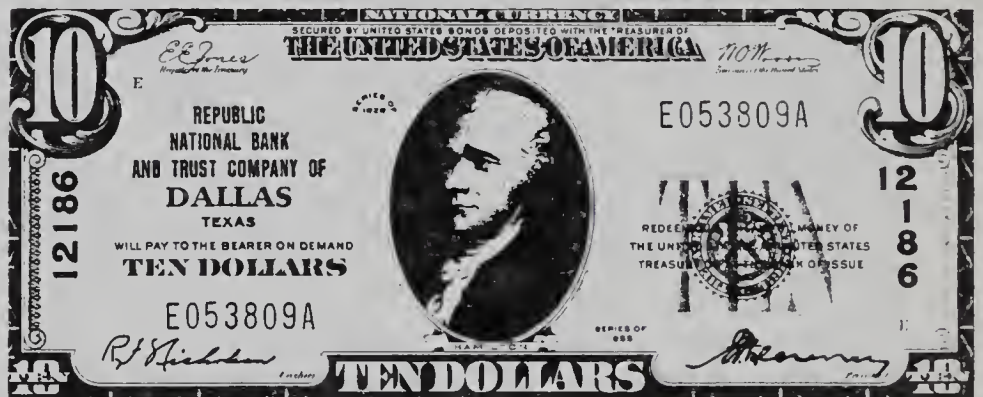

Type 1

Signatures

REPUBLIC BANK con't.

If you look at the notes pictured you can see how the serial numbers increase through the different types. Remember that when going from Type 1 to Type 2 varieties that the serial numbers were restarted again at "A000001".

A recently observed \$50 note on this bank is a Type 2 with Three Line Bank Title Format - New Font with the Nicholson/Florence signature combination. This is the last variety of the Type 2 notes. \$100 notes were probably of this variety.

U S OUTLAWS \$2 BILL AFTER 190 YEARS

submitted by Robert Thiel #1686

WASHINGTON - August 11, 1966

The United States \$2 bill came to the end of the road yesterday after 190 years of circulation.

The Treasury announced no further \$2 bills would be printed. Actually none has been printed since May, 1965. Today's announcement barred future production.

Only \$139.3 million of the bills are outstanding, about one-third of 1 percent of the total currency in use. Well over half of this amount is in the vaults of banks, unwanted by the public.

The Treasury said it would discontinue printing \$2 bills "because a lack of public demand indicates that this note serves only a limited public interest."

Officials said that even in New England, where the \$2 bill was formerly popular, its use has dwindled. One official said that the chief use of the bills today is "on a couple of race tracks in Chicago."
